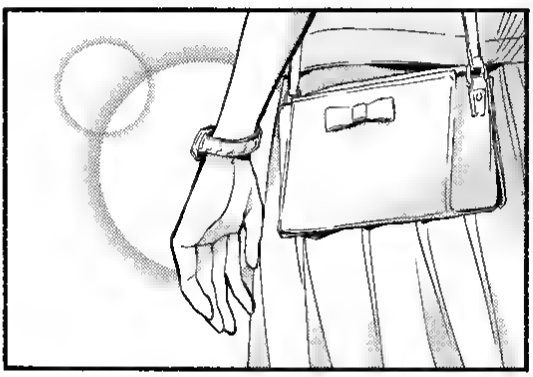
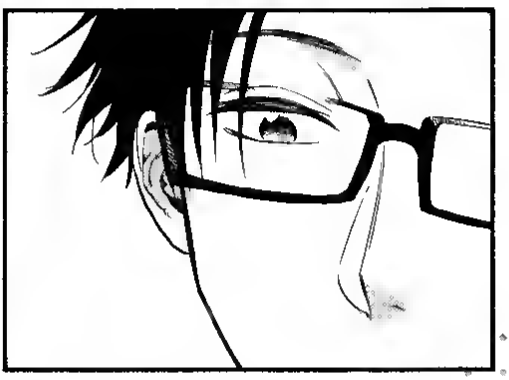
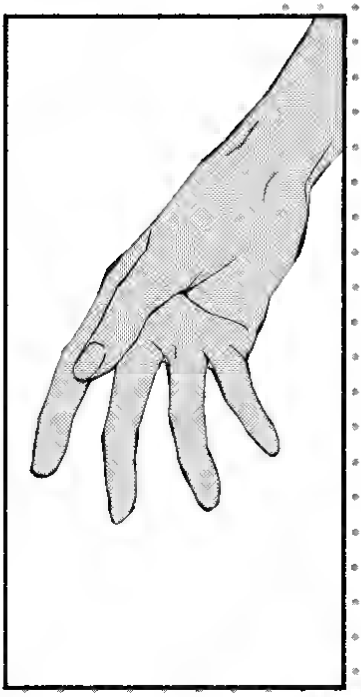
HE'S AN EVEN BIGGER CHICKEN THAN I THOUGHT.
THE NEXT TIME I LOOK OVER, HE HAS HIS EYES GLUED SHUT!
...AND THEN,

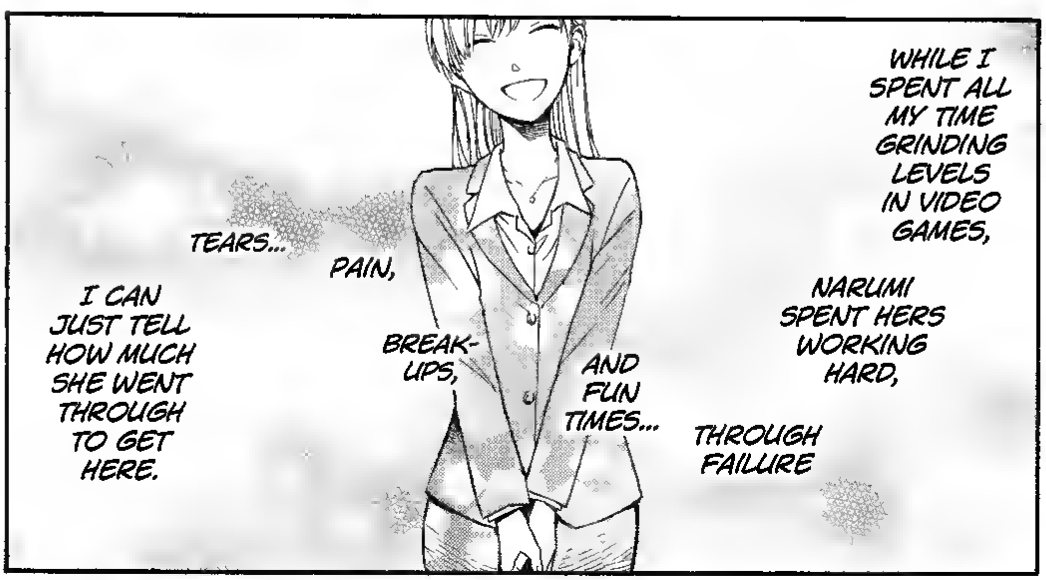




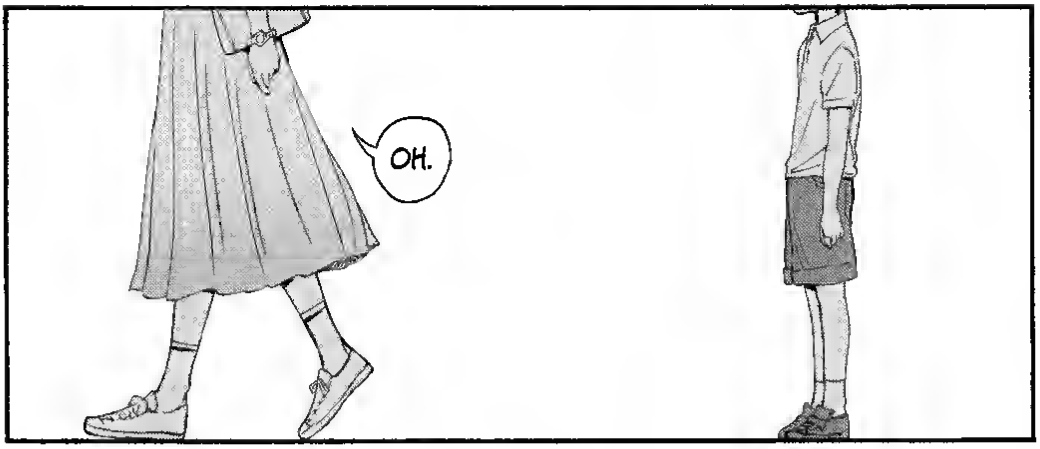


ALL THIS WALKING MUST BE WEARING YOU OUT.
LET'S GO FIND A PLACE TO SIT.

EVERYTHING FEELS SO NATURAL WITH HER.
TAKING CARE OF THEM, MAKING THEM LAUGH...
SHE'S ALWAYS THINKING ABOUT OTHERS...
NARUMI'S AMAZING.



WHILE I SPENT ALL MY TIME GRINDING LEVELS IN VIDEO GAMES,
NARUMI SPENT HERS WORKING HARD,
THROUGH FAILURE
AND FUN TIMES...
BREAK-UPS,
PAIN,
TEARS...
I CAN JUST TELL HOW MUCH SHE WENT THROUGH TO GET HERE.



OH.

FOUND ONE.
YOU WANNA SIT OVER THERE?

SO, ABOUT LAST NIGHT'S EPISODE...
OKAY, WE CAN STOP.

OF ALL THE THINGS I COULD'VE GIVEN YOU, YOU GET THIS.
YOU LOOK LIKE A QUIET GUY, AFTER ALL!
YOU'RE SO PLAIN.
AND YOUR EYES ARE DROOPY!
BECAUSE PIERCED EARS DON'T SUIT A GUY LIKE YOU AT ALL!
WOW, THAT'S...

Wotaku ni koi ha Muzukashii.....

You saw, didn't you?

Hello,
Fujita speaking.
What're you doing?
※ Narumi as a stand-in for the author.
About 8 months have passed since we published volume 2...
and we now present, volume 3!
At my first autograph event...
Um... do you think you'll get back to the date
like... sometime next year... or...?
This was the first time I've tried having a storyline span multiple volumes like that. It was a valuable experience,
But I've concluded that I should keep that to a minimum!
I'm sorry for making you ask questions like that!
Are those of you who asked reading this?
As promised, I managed to get it to you within the year!
Thanks to all your support, way more people know about Wotakoi than when we published the first volume.
That said, for this afterword...
The author's smiling already!
I hereby introduce you to the "Funny Misunderstandings" series - a compilation of things I read on the internet.
For that, I feel as grateful as I do happy.

Sorry for using such obscure kanji! -Defendant Naru
About this Hirotaka character in your manga...
Common Misunderstanding ② Using the wrong kanji for the names
Why you gotta be a hater?
Oh, I read that thing we talked about. The web manga...
Wotaku Can't Into Romance, one of the tamer examples
was it?
Common Misunderstanding ① Has only a vague recollection of the title
So, about that Wotakoi, by Terada-san...
By the way, this is my personal favorite.
The name's Fujita. Pleased to meet you!
Sometimes, people get the names completely wrong...
Wow, he was really cool in this volume, too...
Kaba-jima, I mean.
Um... who?
Special Thanks!
Suzuki-san, Enomoto-san, Ando-san, Sakane-san, Irikura-san.
Assistants.
Was the date arc to your liking?
Friend I
Came over to help cook
Friend S (Pervert)
Took care of those around him
Lecher K
And you!
As the author, I'm plenty happy just to have people reading my work, so don't worry if you've made any of these mistakes.
"I love Kabajima", "I read your manga, Terada"
Well then, I hope to see you again in volume four.
Fujita
The thought's really what counts!

# TRANSLATION NOTES

Quick note about wrong kanji! Here is the difference between Hirotaka's actual name and the characters this fan used:

hiro taka
宏高
correct
Hirotaka's actual name. Very unusual way of writing it.

vs

hiro taka
広崇
incorrect
The fan used this. It's a much more common way to write his name!
